Dear Potential Donor,

I truly appreciate you spending your valuable time reviewing this PGA charity golf tournament. The charity for this event is Folds of Honor and American Lake Veterans Golf Course. We were able to raise and donate over \$68,000.00 from the 2021 event and are looking to grow even more with the help from companies like yours in 2022. The Pacific Northwest Section PGA is supporting these charities through the Washington Open Pro-Am hosted at Meridian Valley Country Club, August 12 - 14, 2022. We are requesting a donation to be used in our tournament auction with funds going to support our tournament charities.

As a thank you for your donation you will receive exclusive coverage with your logo recognition on the PGA marketing materials and signs during all six days of the Pro-Am and Championship. We will advertise your logo or company name on our tournament websites with a link going directly back to your website. Your logo or company name will be displayed in our event program. You also have the opportunity to add any company promotional information or items to the player tee gift bags.

Donating to the Washington Open Pro-Am creates exclusive opportunities for corporate networking and product exposure. The main incentive of our partnering donors is direct awareness to a target group of distinguished clientele and business owners all while raising funds for our tournament charities.

I am here to help in any way that I can to answer your questions. Please look through the following information and feel free to contact me.

American Lake Veterans Golf Course

American Lake Golf Course is the only golf course in the United States designed to be played by disabled veterans. Since 1995 the operation and maintenance of the course has been maintained entirely by private donations. This offers rehabilitation, therapy, socialization and support to those who have given so much for our country. Thousands of U.S. service men and women have returned from active duty with severe physical and psychological wounds that will haunt them forever. Some have intact bodies, but their minds are shattered by the traumas they have experienced. Rehabilitation, therapy, socialization help and support those who have given so much for our country. To restore just one person to a productive life enhances our community. www.veterangolf.org
