### **Washington Open Invitational August 15-17, 2022**

The Washington Open Invitational is a partnership between the Pacific Northwest Section PGA and Meridian Valley Country Club to produce a world class championship and a pro-amateur event. This will mark the 96th playing of the **Washington Open Invitational** and the 16th at Meridian Valley Country Club. The top PGA Professionals and amateurs from throughout the Northwest compete each year for the Washington Open title with the list of past champions including [Fred Couples](#) and a who's who of Northwest golf. ### **Pacific Northwest Section PGA**

The Pacific Northwest Section PGA is organized as a not-for-profit corporation and is one of 41 geographical regions of the Professional Golfers' Association of America. It includes the states of Washington, Oregon, and Alaska, as well as northern Idaho and western Montana. It is the largest geographic section of the PGA of America, and with approximately 1,100 PGA members and apprentices, ranks sixth among the sections in number of professionals. Additional information can be found at [www.pnwpga.com](http://www.pnwpga.com)

### **Folds of Honor**

Folds of Honor is a 501 (C)(3) nonprofit charitable organization providing assistance to the spouses and children of those killed or disabled in military service to America. We can honor those who fought for our freedom by serving the families they leave behind. [www.foldsofhonor.org](http://www.foldsofhonor.org)

### **American Lake Veterans Golf Course**

American Lake Golf Course is the only golf course in the United States designed to be played by disabled veterans. Since 1995 the operation and maintenance of the course has been maintained entirely by private donations. This offers rehabilitation, therapy, socialization and support to those who have given so much for our country. Thousands of U.S. service men and women have returned from active duty with severe physical and psychological wounds that will haunt them forever. Some have intact bodies, but their minds are shattered by the traumas they have experienced. Rehabilitation, therapy, socialization help and support those who have given so much for our country. To restore just one person to a productive life enhances our community.
