American Lake Veterans Golf Course

American Lake Golf Course is the only golf course in the United States designed to be played by disabled veterans. Since 1995 the operation and maintenance of the course has been maintained entirely by private donations. This offers rehabilitation, therapy, socialization and support to those who have given so much for our country. Thousands of U.S. service men and women have returned from active duty with severe physical and psychological wounds that will haunt them forever. Some have intact bodies, but their minds are shattered by the traumas they have experienced. Rehabilitation, therapy, socialization help and support those who have given so much for our country. To restore just one person to a productive life enhances our community.
